SUMMARY

Proficient in Angular, React.js, and Java, with over 2 years of experience. Skilled in HTML5, CSS3, and JavaScript, with a focus on responsive web design principles. Experienced in using front-end frameworks such as Bootstrap and Foundation to accelerate development. Adept at building interactive and dynamic web applications using modern JavaScript frameworks like Angular and Ionic. Also experienced in developing backend services with Java Spring Boot.

EDUCATION

Kumaraguru College of Technology <i>Master of Computer Application with 8.08 CGPA</i>	Coimbatore 2019-2022
Hindusthan College of Arts and Science <i>Bachelor of Science in Computer Technology with 6.54 CGPA</i>	Coimbatore 2016-2019

EXPERIENCE

Dataspire Technologies Pvt Ltd	Jan 2023 – Present Coimbatore
- Developed CRM, Survey, and Audit projects, including customer management, ticketing systems, and task scheduling. - Designed and implemented ROI calculators using the Ionic framework. - Built scalable and high-performance applications using Java, Spring Boot, and RESTful APIs. - Wrote complex SQL queries for data retrieval, manipulation, and reporting. Worked with relational databases like MySQL, PostgreSQL, and SQL Server. - Utilized Git for version control, including branching, merging, and conflict resolution. Collaborated with teams using platforms like GitHub, GitLab, and Bitbucket.	

PROJECTS

CRM PROJECT <i>Angular, Java, and SQL</i>	Feb 2023 – Jul 2023
Developed a CRM system for machine service management to streamline service processes, monitor machine performance, and improve customer satisfaction.	
ROI CALCULATOR <i>Ionic, Java, and SQL</i>	Aug 2023 – Dec 2023
Built a tool to assess the financial performance of investments by comparing net profit with initial investment cost, expressed as a percentage.	
5'S MANAGEMENT <i>Angular, Java, and SQL</i>	Jan 2024 – May 2024
Conducted management audits to evaluate organizational processes, policies, and procedures to ensure efficiency, compliance, and effectiveness. Identified improvement areas and streamlined operations.	
SURVEY BASED PROJECT <i>Angular, Java, and SQL</i>	Jun 2024 – Sept 2024
Our project focuses on analyzing customer feedback through surveys to identify satisfaction levels and areas for improvement. Key metrics include product quality, customer service, and overall experience ratings. The insights will help tailor strategies to enhance customer loyalty and engagement.	
AUDIT AND COMPLIANCE <i>Angular, Java, and SQL</i>	Nov 2024 – Jun 2025
Implemented an automated audit tracking system to ensure compliance with regulations and internal policies. Performed regular internal reviews, documented procedures, and supported external audits.	

TECHNICAL SKILLS

Languages: JavaScript, Java, HTML/CSS, and SQL (MySQL)
Frameworks: Angular, React, WordPress, and Material-UI
Developer Tools: VS Code, Visual Studio, Spring Boot, Eclipse, and Git
