

GOWTHAM S

SOFTWARE ENGINEER

PROFILE

Proficient in Angular framework, with expertise in Angular 2+. In HTML5, CSS3, and JavaScript, with a focus on responsive web design principles. Experienced in utilizing front-end frameworks such as Bootstrap or Foundation to expedite development processes. Skilled in building interactive and dynamic web applications using modern JavaScript frameworks Angular and IONIC.

WORK EXPERIENCE

Dataspire Technologies

2023-2025

- Experience in developing CRM, Survey & Audit projects, including customer management, ticketing systems, and task scheduling
- Skilled in designing and implementing ROI calculators using Ionic framework

PROJECTS

Skilled in designing and implementing using Angular & IONIC framework

CRM PROJECT

FEB 2023 - MAY 2023

- A CRM (Customer Relationship Management) system tailored for machine service management, designed to streamline service processes, track machine performance, and enhance customer satisfaction.

ROI CALCULATOR

JUNE 2023 - OCT 2023

- An ROI (Return on Investment) calculator is a tool used to assess the financial performance of an investment relative to its cost. The profit/loss calculation in this context typically involves comparing the net profit generated by the investment against the initial investment cost, expressed as a percentage.

5'S MANAGEMENT

NOV 2023 - MAR 2024

- Management audit is a systematic evaluation of organizational processes, policies, and procedures to ensure efficiency, compliance, and effectiveness. It aims to identify areas for improvement, streamline operations, and maintain consistent standards for sustained performance excellence.

SURVEY BASED PROJECT

APR 2024- AUG 2024

- Our project focuses on analyzing customer feedback through surveys to identify satisfaction levels and improvement areas. Key metrics include product quality, customer service, and overall experience ratings. Insights will help tailor strategies to enhance customer loyalty and engagement

AUDIT & COMPLIANCE

SEPT 2024- FEB 2025

- Implemented an automated audit tracking system to ensure compliance with industry regulations and company policies. Conducted regular internal reviews to identify gaps and streamline processes. Maintained detailed documentation to support external audits and enhance accountability.
